Date: March 24, 2020

To: Board of Directors

From: Sam Desue, Jr.

Subject: ORDINANCE NO. 363 OF THE TRI-COUNTY METROPOLITAN TRANSPORTATION DISTRICT OF OREGON (TRIMET) ADOPTING SERVICE CHANGES AND REVISING ROUTE DESIGNATIONS (FIRST READING AND PUBLIC HEARING)

1. **Purpose of Item**
   Ordinance No. 363 requests that the TriMet Board of Directors (Board) adopt service changes and revise route designations now described in TriMet Code Chapter 22, Section 22.05.

2. **Type of Agenda Item**
   - Initial Contract
   - Contract Modification
   - Other: Ordinance

3. **Reason for Board Action**
   The Board may adopt service changes and revise TriMet Code route designations only by adoption of an Ordinance.

4. **Type of Action**
   - Resolution
   - Ordinance 1st Reading and Public Hearing
   - Ordinance 2nd Reading
   - Other _____________

5. **Background**
   Ordinance No. 363 will make bus service changes and revise route designations set forth in TriMet Code Chapter 22, Section 22.05. Due to reduced revenue resulting from the COVID-19 pandemic, the proposed service changes for Fiscal Year 2022 are revenue neutral. The service changes focus on discontinuing or reducing frequency on low ridership bus route segments, streamlining bus routes to eliminate low ridership deviations and improve travel time for customers, changing routes to improve safety, and increasing ridership and overall efficiency.

   **A. Proposed Service Changes:**
   Ordinance No. 363 includes bus service changes for TriMet’s Fiscal Year 2022 (which begins on July 1, 2021). The Ordinance proposes to:
   - discontinue service on one very low ridership segment (Line 11-Rivergate),
   - eliminate deviations to improve travel time (Line 15-Belmont/NW 23rd, Line 77-Broadway/Halsey),
- reduce trips serving low ridership deviations (Line 19-Woodstock/Glisan)
- discontinue serving low ridership route segments that pose safety challenges (NW Thurman segment of Line 15-Belmont/NW 23rd, Line 39-Lewis & Clark)
- change routes to attract new riders with no or minimal impact to current customers (Line 32-Oatfield, Line 63-Washington Park/Arlington Heights)
- change routes in anticipation of the Hollywood HUB development (Line 66-Marquam Hill/Hollywood, Line 75-Cesar Chavez/Lombard), and
- combine routes to increase ridership and efficiency (Lines 93-Tigard/Sherwood, Line 94-Pacific Hwy/Sherwood).

<tbody>
<tr>
<td>Sept. 2021</td>
<td>Line 11-Rivergate</td>
<td>Discontinue serving very low ridership deviation to N. Rivergate Blvd. and N. Ramsey St.</td>
</tr>
<tr>
<td></td>
<td>Line 19-Woodstock/Glisan</td>
<td>Serve Union Manor hourly between 9:00 a.m. and 3:00 p.m. to better match service with demand and reduce the number of deviations. Serve the SE Rex and 32nd Ave. segment in Eastmoreland with two a.m. trips and two p.m. trips, weekdays only, to better match service with demand and reduce the number of deviations, and still enable students to meet Cleveland High School bell times.</td>
</tr>
<tr>
<td></td>
<td>Line 32-Oatfield</td>
<td>Extend service to Oregon City High School via Beavercreek Rd. and Meyers Rd. to attract new riders, and meet school bell times. Line extension does not negatively impact current riders.</td>
</tr>
<tr>
<td></td>
<td>Line 39-Lewis &amp; Clark</td>
<td>Discontinue very low ridership extension to the Lewis &amp; Clark Graduate School of Education, and addressing safety concerns by eliminating a turnaround in a narrow parking lot and a mid-route layover.</td>
</tr>
<tr>
<td></td>
<td>Line 93-Tigard/Sherwood, Line 94-Pacific Hwy/Sherwood</td>
<td>Combine bus lines 93 &amp; 94 into one bus line to improve ridership and increase efficiency. Continue to operate weekend service only to Tigard on existing schedule. Maintain Line 94-Pacific Hwy/Sherwood route designation for weekdays. For weekends, change the route designation to say: Line 94-Pacific Hwy/Sherwood to...</td>
</tr>
</tbody>
</table>
| Mar. 2022 | Line 15-Belmont/NW 23rd Ave. | Change eastbound downtown Portland route segment to serve SW Alder St. instead of SW Salmon St., reducing the distance between the eastbound and westbound legs by 4 blocks. The City of Portland intends to install transit priority improvements on SW Alder St. to allow better bus movement through traffic.

Separate the low ridership NW Thurman segment from the rest of Line 15, and create a new Line 26 to serve NW Thurman St. and NW 18th/19th Ave. to Providence Park and Lincoln High School. This change addresses a safety concern by replacing a 3-point turn at NW Thurman and Gordon streets with U-turn enabled by a 30’ bus.

Better match service on NW Thurman with demand by providing two a.m. and two p.m. trips, weekdays only, still meeting Lincoln High School bell times. All existing Line 15 trips to NW Thurman would continue on NW 23rd Ave. to NW Vaughn St.

Create route designation for the new Thurman St. bus line to say: Line 26-Thurman/NW 18th to SW 18th & Salmon St., and Line 26-Thurman/NW 18th to NW Thurman & Gordon.

| Line 63-Washington Park/Arlington Heights | Change route to travel between the Portland Japanese Garden and the Transit Mall (SW 6th Ave.) via SW Salmon, 6th, Washington, and Morrison. This change will eliminate duplication with the Free Washington Park Shuttle, which provides circulation within the park and Arlington Heights every 15 min., seven days a week, year-round.

B. Service Change Public Process
TriMet staff conducted two rounds of public outreach for the annual service changes, also known as the Annual Service Plan (ASP). The first outreach process occurred in the Fall and requested public comment on an initial set of proposed service changes. Staff reached out to the public in multiple ways: displaying information on its webpage, email messages to TriMet’s Riders Club and other lists, social media posts, press releases, mailed post cards to people living within a ¼ mile of impacted bus lines, and live interactions.
In the Fall of 2020, live interactions included virtual town hall meetings – one in English and one in Spanish. Attendance and viewings of the recorded meetings exceeded the typical open house meetings. Outreach also included virtual meetings with stakeholders and neighborhood associations. Also, in spite of COVID, staff was able to safely survey riders on board buses and at bus stops, particularly in regards to weekend service on Line 93-Tigard/Sherwood.

Once the Fall outreach was completed, staff reviewed all the comments received in order to gauge the level of support for the change, and made changes to the proposal based on the comments. Staff then conducted another outreach process in the late January/early February to receive public comments on the revised proposals. Once again, outreach included a revised webpage, email messages to TriMet’s Riders Club and other lists, social media posts, press releases, mailed post cards to people living within a ¼ mile of impacted bus lines, and a virtual open house meeting with Spanish translation available. Additionally, staff contacted community-based organizations to inform them of the proposed service change proposals and allow their constituents to provide feedback.

Community based organizations contacted included:

- Native American Youth and Family Center (NAYA)
- Immigrant and Refugee Community Organization (IRCO)
- Albertina Kerr
- Asian Pacific American Network of Oregon (APANO)
- Asian Health and Services Center
- Urban League of Portland
- Self-Enhancement Inc.
- Rosewood Initiative
- Hacienda CDC
- Goodwill Industries

Final changes to the ASP were made after considering comments received in the second round of outreach.

C. Title VI Service Equity Analysis
In accordance with Federal Transit Administration (FTA) Title VI Circular 4702.1B implementing Title VI of the Civil Rights Act, major service changes must be analyzed to identify potential disproportionate impacts to minority and low-income populations. The five major service changes are made by Ordinance No. 359 have been subjected to TriMet’s Title VI analysis.

Included in the Board packet is the draft Title VI Service Equity Analysis Report (Title VI Report), which evaluated potential adverse effects and benefits associated with the proposed major service changes. To summarize, the Title VI concerns regarding the proposed service changes outlined in Ordinance No. 359 are minimal. Most of the proposed service changes significantly improve service for minority and low-income populations, with only the change to Line 16 affecting an area with relatively low minority population as compared to the TriMet district.

The South Hillsboro portion of Line 47 and Line 155 also serve a relatively low proportion of low-income households as compared to the entire TriMet district. Even so,
improving service on these two lines does not raise any concern of an inequitable distribution of benefits given that: a) the overall results of the system-level analysis; b) the four lines proposed for improvements did not have any line-level Disparate Impacts; and c) the three lines proposed for improvements did not have any line-level Disproportionate Burdens.

The proposed service reduction to Line 47 initially may appear to create some disproportionate and adverse effects, considering the high concentrations of minority and low-income populations potentially impacted by the change. However, these impacts will be mitigated by the new bus line replacing service to the discontinued portion with a comparable level of service. At the same time, the proposed change might require some riders to transfer buses.

This concern caused TriMet Service Planners to launch on-board bus passenger surveys to assess trip patterns, in order to evaluate the impacts of the proposed route change. The surveys were conducted from September 30 to October 7, 2020, a week after school was back in session at PCC Rock Creek. TriMet presented one 20-question survey in English and Spanish, and presented a separate three-question survey in twelve other languages. The surveys found no significant race and income differences when looking at the new route transfer question. Thus, the transfer created by the proposed Line 47 route change does not raise a significant level of concern with respect to Title VI.

The results and findings of the Title VI Service Equity Analysis Report is presented to the Board for its consideration at the March 24, 2021, meeting. The final Title VI Report with supplemental public feedback will be provided to the Board prior to the April 28, 2021 meeting.

6. Financial/Budget Impact
The service changes described in Ordinance No. 363 are cost neutral and will not have an impact on the agency’s budget.

7. Impact if Not Approved
If the Board chooses not to conduct a first reading and public hearing for Ordinance No. 363 at its March 24, 2021 meeting, the current service levels would remain in place and the transit system would not address low ridership deviations, safety issues, and the need to vacate the Hollywood Transit Center. Electing not to proceed with the Ordinance also would forgo opportunities to attract new riders by streamlining some bus routes.
ORDINANCE NO. 363

ORDINANCE NO. 363 OF THE TRI-COUNTY METROPOLITAN TRANSPORTATION DISTRICT OF OREGON (TRIMET) ADOPTING SERVICE CHANGES AND UPDATING ROUTE DESIGNATIONS (FIRST READING AND PUBLIC HEARING)

The Board of Directors of the Tri-County Metropolitan Transportation District of Oregon, pursuant to the authority of ORS Chapter 267, having reviewed, considered and approved the Title VI Service Equity Analysis Final Report and considered testimony offered during a public hearing, does hereby ordain and decree the following Ordinance:

Section 1- Adoption of Service Changes
Service Changes are adopted as set forth on the attached Exhibit A, which is incorporated into and made part of this Ordinance. In accordance with TriMet Code Section 22.05, new Schedule Notices consistent with Exhibit A shall be filed for the affected lines.

Section 2- Amendment of TriMet Code Chapter 22
TriMet Code Section 22.05 is amended to show the revised Route Designations set forth in the attached Exhibit A.

Section 3- Effective/Operative Dates
This Ordinance shall take effect thirty days after the date of its Second Reading. Operative dates for specific Service Changes and revised Route Designations have already been enacted.

Dated: March 24, 2021.
