

TriMet track-access rates FY 07

Type	Rate	Description
Restricted Site Access	\$300	Access that requires TriMet personnel to give Licensee access to TriMet property (eg. West Hills Portal)
Track Access Permit	\$250	When Track Access is required as part of a license; when track access is required by contractors even if no License.
Track Access Training	\$100	When Training is required as part of Track Access Permit and/or License.
Inspection	\$500	May occur more than once in a license if multiple inspections are required by the License.
System Down	\$300	When a shutdown of the Overhead Catenary System is required (per night)

Applies:

Track Access Fees will apply to:

- 1) Non-TriMet contractors who are performing work on TriMet's Right of Way
- 2) Any maintenance work that involves a shutdown of the OCS.
- 3) Any work that will require TriMet employee time for inspection/supervision.

Exceptions:

Track Access fees do not apply to:

- 1) TriMet's contractors performing work on behalf of the agency.
- 2) Work performed in City of Portland Right of Way
- 3) Work performed near but not on TriMet Right of Way

Send to:

TriMet's Maintenance of Way Department will determine track Access Fees. Fees should be mailed separately to:

TriMet Real Property Department
710 NE Holladay Street
Portland, OR 97232

Rate increases will take effect July 1 of every year. Rate increases shall be 4% or based on the Consumer Price Index - Urban Wage Earners and Clerical Workers - U.S. Transportation, CWUR0000SAT, whichever is greater.
