Program and Plan Introduction

Overview

Tri-County Metropolitan Transportation District of Oregon ("TriMet" or "the agency") is a federal contractor subject to affirmative action regulations requiring written Affirmative Action Plans (AAP’s) for minorities and women, and for protected veterans and individuals with disabilities.

TriMet provides bus, light rail and commuter rail service in the Portland metro area. The agency's transportation options connect people with their community while easing traffic congestion and reducing air pollution - making our region a better place to live.

There are more than 316,700 trips taken each weekday, 101 million trips annually, on TriMet buses and trains. More than ten million bus and MAX trips are taken by seniors and people with disabilities each year. Another 3,600 trips each week are taken on 268 LIFT vehicles. TriMet's door-to-door paratransit service for those who can't use regular buses and trains. Without TriMet, the average commuter would spend five hours more in traffic each year, and our region saves $150 million per year in congestion costs thanks to TriMet services.

In the short term, as the economy recovers, the agency’s top priority is restoring service hours on buses and MAX. Long term, TriMet is always looking for ways to improve the transit experience - from planning a trip and finding a stop or station and accessing real-time service information, to improving on-time performance. TriMet has introduced an Efare Smartcard that will make it faster and easier system-wide to ride a bus, train or streetcar. The agency envisions a “total transit system” that provides: frequent, reliable and comfortable service; access to transit via walking, biking or driving; stops with comfortable waiting areas and amenities; accurate and reliable service information; and a safe trip. At the beginning of this plan year, there are approximately 2,875 TriMet employees working to help achieve these short and long term goals.

Tri-County Metropolitan Transportation District of Oregon’s Affirmative Action Plan for Women and Minorities (AAP) is developed according to Executive Order No. 11246, as amended, and Title 41, Code of Federal Regulations, Part 60-1 (Obligations of Contractors and Subcontractors) and Part 60-2 (Affirmative Action Programs).

Notice of Confidential and Trade Secret Material Content

Within the agency, this document is not for distribution except on a need-to-know basis. The AAPs in this program, including all related exhibits, supporting documents and all other forms of communication, contain confidential, trade secret and commercial information.

Records required to be made available by Oregon’s Public Records and Public Meetings Laws will be made available in the prescribed manner unless such requirement is superseded or preempted by other applicable law.

18 U.S.C. §1905 prohibits the Office of Federal Contract Compliance Programs (OFCCP) from voluntarily releasing this information pursuant to the Freedom of Information Act (FOIA). Copies of the AAPs and/or any related exhibits, supporting documents, interview notes, and other forms of information that are made available to the OFCCP will be made available only as required for the
purpose of allowing OFCCP to conduct a compliance evaluation or complaint investigation, and
only on the condition that the OFFCP hold this information confidential, unless otherwise required
by law, and not release any part of it to any other person or organization. Additionally, FOIA
exemptions 3 and 4 protect information in this document from mandatory disclosure to FOIA

Furthermore, release of any trade secret, confidential statistical or commercial information would
be arbitrary and capricious in violation of the Administrative Procedure Act ("APA"). See, e.g.,
CNA Financial Corp. v. Donovan, 830 F.2d 1132, 1144 and n. 73 (D.C. Cir.) certiorari denied, 485
U.S. 977 (1988). Pursuant to 41 CFR §60-1.20(f), Tri-County Metropolitan Transportation District
of Oregon requests that these AAPs be kept confidential.

If any person, the U.S. Government, or any other governmental agency is considering breaching the
conditions under which these AAPs, including any and all related exhibits, supporting documents,
and all other forms of information are loaned, or is considering a request for release of these AAPs
under the FOIA, such person, the U.S. Government, or other governmental agency must
immediately notify Neil McFarlane, General Manager of Tri-County Metropolitan Transportation
District of Oregon, of the request for written authorization and conditional approval must be
granted before any content may be disclosed.

---

Definition of Terms and Effective Date for Plan Data

The effective date for data used to develop both Affirmative Action Plans (AAPs) is July 1, 2017.

The AAPs use numerous words, terms and phrases that are found in federal statutes, regulations and
Executive Orders. The words, terms, phrases and existence of the AAPs are not intended to convey
or constitute an admission of non-compliance with any law, regulation or Executive Order.

The Availability Analysis, geographic areas and statistical comparisons in the AAPs are used in
compliance with federal contracting regulations, as interpreted by federal government
representatives. The use of these analytical approaches does not indicate the agency's agreement
that these approaches are the most appropriate in all instances, that the sources of these statistics are
the most relevant, or that they have significance outside the context of good-faith compliance with
AAP regulations.

The grouping of job titles into “Job Groups” does not indicate that the agency believes that the
positions in these groups are of comparable worth. The term “Goal” is not used to indicate intent to
discriminate against any applicant or employee because of race, color, religion, gender, or national
origin, as stated in 41 CFR Part 60-2.16. The term “Affirmative Action” is used to encompass all
measures designed to ensure equal employment opportunity and promote lawful recruitment and
employment management practices.

These AAPs have been developed in accordance with EEOC's Guidelines on Affirmative Action,
29 CFR Part 1608, to fulfill federal contracting obligations. The agency does not believe any
violation of Title VII of the Civil Rights Act exists.

These AAPs do not create any contractual rights, obligation, or beneficial rights to any person or
entity.
TriMet Equal Employment Opportunity Statement

July 1, 2017

TriMet is committed to providing equal employment opportunity for all employees and applicants. It is our policy that decisions involving people are made on the basis of job requirements, independent of an individual’s race, color, religion, sex, sexual orientation, gender identity, national origin, age, military or veteran status, physical or mental disability, and/or any other status protected by law. This includes decisions involving hiring, job placement, transfer, promotion, compensation, benefits, training and agency-sponsored programs. TriMet maintains formal employment policies, available online and by request.

All forms of discrimination and harassment based on a status protected by law are unacceptable by, toward or between any member of the work environment: co-workers, employees, managers, contractors and nonemployees with whom the agency has a business, service or professional relationship. Nonemployees may be barred from the worksite and employees may be disciplined, up to and including dismissal, for conduct that is found to be inconsistent with the agency’s employment policies.

Harassment based on a protected status is a form of discrimination that encompasses a broad spectrum of verbal, written, physical and visual behavior that creates an intimidating, offensive or hostile work environment or interferes with work performance. TriMet is committed to a workplace free of harassment. Examples of prohibited behavior include, but are not limited to: sexual advances, propositions and/or abuse; suggestive or offensive comments about an individual’s body, gender, race/ethnicity, disability or veteran status; obscene, suggestive or offensive comments communicated verbally or through letters, notes, email, social media, website postings, photos, cartoons and/or jokes; and/or menacing behavior such as threats, coercion, slurs and epithets.

Employees and applicants are asked to report incidents of conduct that they believe to be discriminatory or harassing. All such reports will be taken seriously and will be promptly investigated. Retaliation for making a report will not be tolerated. Employees and applicants will not experience adverse consequences for making a good faith complaint, assisting in the review of a complaint, and/or opposing any act or practice made unlawful by applicable federal, state or local nondiscrimination law.

Managers, employees and on-site contractors are expected to help maintain an environment free of discrimination and harassment and to take appropriate action if an employment policy is not followed. Randy Stedman, Executive Director, Labor Relations and Human Resources and EEO Officer, is responsible for managing and auditing our employment policies and programs and will periodically report to me about their effectiveness.

TriMet is also committed to taking affirmative steps to employ and advance women, minorities, protected veterans and individuals with disabilities. Our Affirmative Action Program helps ensure that our recruiting efforts reach and are open to a diverse group of candidates, and that equal opportunity for advancement is available to all employees. The value for a diverse workforce means that the agency makes reasonable accommodations for religious beliefs and practices and for individuals with disabilities, unless providing accommodation would result in an undue hardship. Additionally, as an Oregon public employer, TriMet provides a preference in hiring and promotion to veterans and disabled veterans, as those terms are defined under Oregon law.

If you would like to view this statement in a format that is accessible and understandable, make a request for accommodation, review the Affirmative Action Plan for Protected Veterans and Individuals with Disabilities during normal business hours, or report circumstances where an employment policy may not have been followed, please contact Angela Burns-Brown, Director, Talent Management and Associate EEO Officer, Tri-County Metropolitan Transportation District of Oregon, 1800 SW First Avenue, Suite 300, Portland, Oregon 97201, 503 962-2252.

Introduction and Policy Statement

Tri-County Metropolitan Transportation District of Oregon's Affirmative Action Plan for Women and Minorities (AAP) is developed according to Executive Order No. 11246, as amended, and Title 41, Code of Federal Regulations, Part 6-1 (Obligations of Contractors and Subcontractors) and Part 60-2 (Affirmative Action Programs). This AAP has been developed, approved and implemented according to the Program Adoption, Program and Plan Introduction, and the Equal Employment Opportunity Statement that precede these pages. This plan should not be read or interpreted without this section, which is considered a part of the AAP.

Responsibility for Implementation [41 CFR 60-2.17(a)]

Each officer, director and manager is responsible for helping to maintain and promote the Affirmative Action Program within his or her area of responsibility.

Policy and Responsibility for the AAP

Neil McFarlane, General Manager, has overall responsibility for implementing the Affirmative Action Program and for leading efforts designed to ensure its success.

Program Development and Monitoring for the AAP

Randy Stedman, Executive Director, Labor Relations and Human Resources and EEO Officer, is responsible for developing and monitoring the organization’s Affirmative Action Program in accordance with applicable regulations. These responsibilities include:

1. Monitoring the organization’s employment and personnel decisions to ensure that the actions defined in the Affirmative Action Program are implemented.

2. Developing and maintaining policies, guidelines, and programs that are designed to ensure equal employment opportunity.

3. Communicating the organization’s policies, programs and commitment to the Affirmative Action Program to managers and employees.

5. Training and coaching managers and employees with the goal of ensuring that the work environment is free from discrimination and harassment.

6. Providing guidance and support for those responsible for the day-to-day implementation of the Affirmative Action Program.

7. Confirming that periodic audits are undertaken to monitor equal employment opportunity for women and minorities.

8. Ensuring that applicants and new employees are appropriately informed of the organization’s Affirmative Action Program.

9. Ensuring that the Affirmative Action Program is periodically reviewed, that the Affirmative Action Plan is updated annually, and that the EEO-4 Survey is filed when required.
Day-To-Day Implementation for the AAP

Angela Burns-Brown, Director, Talent Management and Associate EEO Officer, is responsible for the day-to-day implementation of the organization’s Affirmative Action Program. Specifically, this includes:

1. Providing EEO Policy and AAP implementation direction and interpretation to managers and employees.
2. Assisting in maintaining work environments that are free of discrimination and harassment.
3. Maintaining audit and reporting systems to measure the effectiveness of the Affirmative Action Program, including:
   - Measuring the progress toward goals and objectives
   - Data collection, analysis and retention as required by regulations
   - Identifying circumstances in which responsive action is needed
4. Reporting Affirmative Action Program results to senior management during the year as needed, and at the end of each plan year.
5. Assisting with the review and update of the AAP at the end of each plan year.
6. Assisting in the review and revision of policies and procedures to ensure compliance with federal laws and regulations.
7. Assisting managers and employees with issues related to the Affirmative Action Program.
8. Serving as a liaison between the agency and regulatory and enforcement agencies as appropriate.
9. Helping the agency stay current on developments related to Affirmative Action Program compliance.
10. Ensuring that workplace postings are maintained as required.
11. Ensuring that appropriate job listing and advertising occurs as required.
12. Serving as a liaison between the agency and organizations concerned with employment opportunities for women and minorities.

Managers are also responsible for matters important to the day-to-day implementation of the organization’s EEO Policy and AAPs. These responsibilities include:

1. Working to maintain work environments that are free of discrimination and harassment.
2. Helping to identify issues related to the Affirmative Action Program and recommending potential responsive actions.
3. Carrying out specific affirmative steps as assigned.
Affirmative Action Plan Approach and Development

Definition of Plan Job Groups [41 CFR 2.12]

For purposes of this AAP, the agency’s workforce was segmented into Job Groups in accordance with OFCCP guidelines and the assumptions outlined in the Plan Introduction. The criteria used to place positions into a Job Group include similarity of qualifications, job duties, compensation and opportunities for advancement.

The Job Groups used for this plan are listed below.

Organizational Profile [41 CFR 60-2.11]

Workforce Analysis

The agency has used a Workforce Analysis for its Organizational Profile to identify employees at this facility by gender, race and ethnicity in each job title as of the beginning of the plan year.

Job titles are listed by organizational unit, sequenced from the lowest to the highest paid. For each job title, the number of men and women were reviewed by origin (White, Black, Hispanic, Asian or Pacific Islander, and American Indian or Alaskan Native) to identify issues for which responsive action may be appropriate. Any issues identified by this analysis are described in the section titled “Prior Year Accomplishments & Analysis of Workforce & Employment Processes” and corresponding Action-Oriented Plans can be found in the section titled “Action-Oriented Plans, Goals & Objectives.”
Lines of Progression

In conjunction with the Workforce Analysis, Lines of Progression (career ladders/career paths) were reviewed if and where such progression exists. Any significant findings identified by this analysis are described in the section titled “Prior Year Accomplishments & Analysis of Workforce & Employment Processes” and corresponding Action-Oriented Plans can be found in the section titled “Action-Oriented Plans, Goals & Objectives.”

Availability Analysis by Job Group [41 CFR 2.14]

The agency’s Availability Analysis is determined by Job Group as of the beginning of the plan year, in accordance with OFCCP regulations and the assumptions described in the Program and Plan Introduction. The term "Availability" is used in this plan to approximate the demographics of the persons in the reasonable recruitment area who are interested in and qualified to fill positions in particular Job Groups with the agency.

The Availability Analysis takes the following factors into account:

1. The percentage of women and minorities with requisite skills in the reasonable recruitment area. The “reasonable recruitment area” is defined as the geographic area from which the agency usually seeks or reasonably could seek candidates for employment openings; and

2. The percentage of women and minorities who are designated as promotable, transferable, and trainable within the agency. “Trainable” refers to those employees who could, with appropriate training (which can be reasonably provided), become promotable or transferable during the AAP year.

Availability Data Sources

The sources of availability data are described in the Availability Analysis. They include, but are not limited to: US Census Bureau 2006-2010 American Community Survey for the relevant labor market(s) for each Job Group; internal representation of women and minorities in the Job Group and relevant feeder Job Groups; and prior applicant flow for the Job Group, when statistically significant and meaningful.

Factor Weighting

When a Job Group is composed of job titles with different availability rates, a composite availability figure for the Job Group was calculated proportionately. To the extent possible, the availability for each job title within the Job Group was determined and weighted according to the number of incumbents employed in each job title. Then the sum of the weighted availability estimates for all job titles in the Job Group was used to determine the final availability of women and minorities.
Availability Analysis Results

The results of the Availability Analysis are summarized below. The overall availability of women and minorities was used to help determine whether the agency should establish goals for any particular Job Group (see “Affirmative Action Plan, Goals and Objectives”).

</table>
Prior Year Accomplishments & Analysis of Workforce & Employment Processes [41 CFR 60-2.17]

The agency has conducted a review of employment practices and personnel actions during the preceding twelve months. The following is a summary of this review.

Action-Oriented Plan Accomplishments - Prior Year

Outreach Activities

1. TriMet supported and participated in sixteen job fairs during the plan year. Participation was designed to reach all members of the community, including women, minorities, protected veterans and individuals with disabilities. These efforts included active involvement in the following events:

   SE Works Career Fair (July 20, 2016)
   National Career Fair, Las Vegas (July 26, 2016)
   SE Works Apprenticeship Job Fair (August 17, 2016)
   Goodwill Regional Job Fair (August 30, 2016)
   Hiring Our Heroes (September 15, 2016)
   Mt Hood Community College Veterans Career Fair* (November 2, 2016)
   Straight Pathways (November 3, 2016)
   Goodwill Job Connections Career Fair (January 18, 2017)
   Mt Hood Diversity Career Fair (April 20, 2017)
   PCC Cascade Job Fair (April 25, 2017)
   Insight Tapping Fresh Talent* (May 11, 2017)
   Women in Trades (May 19 & 20, 2017)
   IRCO Career Fair (June 3, 2017)
   Hispanic Metropolitan Chamber of Commerce (June 15, 2017)
   SE Works/Rosewood Initiative (June 29, 2017)

   * Focused outreach to Protected Veterans, IWDs, or both.

2. The agency participated in informational sessions on TriMet careers in a wide variety of locations throughout the metropolitan area:

   Mt Hood Community College (November 9, 2016)
   Centro Cultural (December 20, 2016)
   SE Works/ SE WorkSource Center Meet the Employer (January 4, 2017)
   MLK Celebration (January 18, 2017)
   PCC HVAC Cohort (March 1, 2017)
   Centro Cultural Children’s Day (April 30, 2017)
   WorkSource Veteran Presentation (May 3, 2017)
3. Five TriMet Hiring Events were conducted during the plan year. Attendees learned about TriMet and the job opportunities available at the agency. The events provided a forum to meet with hiring managers, attend a bus operator job orientation and begin the application process. Announcements leading up to the events were broadly communicated to ensure they were inclusive:

- Oregon Convention Center (September 17, 2016)
- Las Vegas Convention Center (October 13, 2016)
- WorkSource Vancouver (November 30, 2016)
- PCC Workforce Training Center (February 15, 2017)
- Mt. Hood Community College (May 17, 2017)

4. TriMet participated in live resume networking events designed to support and reach diverse members of the community, including women, minorities, protected veterans and individuals with disabilities. During the plan year these efforts included participation in events with Insight Live and Portland Community College's Employment Marketplace.

5. The agency was also an active participant in the following youth career day events:

- Battleground Youth Expo (February 23, 2017)
- NW Portland Youth Expo (March 17, 2017)

6. During the plan year TriMet continued to collaborate with Partners In Diversity, the Urban League of Portland, IRCO, SE Works, and Portland Community College.

7. In addition to focused outreach activities and events within the community, TriMet maintains an online presence through NeoGov where visitors can easily view job openings and descriptions, establish an online profile, and apply for consideration when openings occur. TriMet was accessible to a diverse community through direct emailing of job notices to interested individuals, social media presence on Facebook, Twitter, and LinkedIn, and through Internet sites such as Craigslist, Indeed, KUNP, MAC’s List, Mosaic, Partners In Diversity, PDX Pipeline, and Governmentjobs.com and as a featured Weekly Employer at Ft. Lewis/McCord Military Base.

8. TriMet placed employment ads in diverse range of community newspapers during the year, such as the Asian Reporter, The Skanner, Portland Observer, Portland Tribune and Willamette Weekly.

9. The agency continued its practice of communicating the organization’s EEO and affirmative action values in print and online.

10. Subcontractors, vendors and suppliers were notified of the agency's Affirmative Action Program and were reminded to take actions appropriate to their contracting status.
Internal Activities

1. The agency communicated the commitments and accomplishments of the Affirmative Action Program to managers and asked for their assistance and support.

2. The agency’s employee development efforts continued to encourage and assist employees wishing to enhance their vocational skills and experiences.

3. The agency reinstated a Learning and Development program, E3, to provide training and leadership development opportunities to employees. Program topics have included Cultural Competency, Bystander training and a variety of management courses such as Lunch and Learns and internal career events.

4. During the plan year a women’s affinity group, Women’s Forum, was introduced. The quarterly forum was developed to bring together women of significant and diverse backgrounds for networking ideas and exchange and career advancement.

5. Employment openings were posted, thereby helping to ensure that all interested employees had equal opportunities to apply for consideration.

6. The agency conducted an employee engagement survey to help ensure TriMet provides a workplace and conditions where all employees have opportunities to give their best performance and contribute to the agency’s goals and values.

7. The Human Resources Department remained available to employees wishing to discuss advancement within the agency.

Goal Accomplishments - Prior Year

The agency has conducted a review of the Affirmative Action Program’s goal accomplishments during the prior plan year. The following is a summary of this review.

<table>
<thead>
<tr>
<th>Job Groups Where Openings Are Typically Filled Through External Recruiting and Internal Placements</th>

* Placements into the Job Group are nearly always made from existing employee requests for consideration and where employment selections are administered according to collective bargaining agreement recognized seniority.
Job Group Disparity Analysis [41 CFR 60-2.17(b)(2)]

A Disparity Analysis was conducted according to OFCCP methodology. The findings from this review are summarized below.

<table>
<thead>
<tr>
<th>Employment Action</th>
<th>Analysis of Rate Differences</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hires to Applicant Flow</td>
<td>A review of hires to considered applicants found that the rate of selection for women and minorities is substantially the same as for men and majority class members. The agency conducted a review of hiring decisions and found that any hiring rate difference was due to non-discriminatory reasons.</td>
</tr>
<tr>
<td>Promotions</td>
<td>A review of promotions by Job Group to the workforce within the Job Group found that the rate of selection for women and minorities is substantially the same as for men and majority class members. The agency conducted a review of promotion decisions and found that any promotion rate difference was due to non-discriminatory reasons.</td>
</tr>
<tr>
<td>Separations</td>
<td>A review of separations by Job Group to the workforce within the Job Group found that the rate of separations for women and minorities is substantially the same as for men and majority class members. The agency conducted a review of separation decisions and found that any separation rate difference was due to non-discriminatory reasons.</td>
</tr>
</tbody>
</table>

Training and Development

Training and development has been, and will continue to be offered to all on an equal-access basis. The agency will continue to encourage women and minorities to consider using these programs to develop skills and knowledge that may help advance their careers.

Compensation Systems [41 CFR 60-2.17(b)(3)]

Benefits such as employee healthcare insurance and retirement funding have been, and will continue to be offered to all employees (women and men, and minority and majority class participants) using the same eligibility and benefit schedules.

Employee pay continues to be determined using non-discriminatory factors. These factors may include one or more of the following elements: (1). For non-bargaining unit members, the prevailing labor market rate of pay, responsibilities, working conditions, performance, skill, length-of-service, experience, training and education; and (2). For bargaining unit members, the union contract. A review of pay by gender, race and ethnicity concluded that pay is administered without regard for gender or minority status.

Organization-Sponsored Programs

Agency-sponsored recreational and social events are non-segregated and non-discriminatory.
Internal Audit and Reporting System [41 CFR 60-2.17(d)]

An audit of the agency’s EEO and Affirmative Action Program recordkeeping systems reveals that required records are maintained and reported according to regulations.
Action-Oriented Plans, Goals & Objectives [41 CFR 60-2.15, 60-2.16 and 60-2.17(c)]

Workforce Analysis and Annual Goal Approach
The table on the following page compares the utilization of women and minorities by Job Group to the Availability of women and minorities as determined by the Availability Analysis. The utilization and availability of women was studied separately from the utilization and availability of minorities. Placement rate goals are established where appropriate. Goals in this AAP are not quotas, do not amount to an admission of impermissible conduct, do not reflect a finding of discrimination, and do not reflect a finding of a lack of good faith affirmative action efforts. Rather, the establishment of any goal is designed to be a technical targeting term used exclusively by affirmative action planners who seek to apply good faith efforts to increase in the future, the percentage of minorities and/or women employed in a particular Job Group.

---

**Note:** This table uses the Eighty Percent Method.

---

Placement Goals are a technical targeting tool used by Affirmative Action Program planners to apply good faith efforts to increase the percentage of women and minorities in a workforce as required by US federal contracting regulations. The establishment of goals represents neither a finding of discrimination nor lack of prior good-faith efforts.
**Action-Oriented Plans For Job Groups with Goals [41 CFR 69-2.17(c)]**

The Action-Oriented Plan for Job Groups was developed with the recognition that the agency has a long-service workforce. A significant portion of the long-service workforce was originally hired at a time when the labor market available to TriMet was less diverse than it is today. Additionally, approximately 85% of TriMet’s employees are represented by the Amalgamated Transit Union (ATU) and where collective bargaining agreements are used to help make employment and workplace decisions. Three of the six goals involve positions governed by ATU bargaining agreements. Historically, two job groups serve as significant external hiring entry points for bargaining positions, Job Groups 70A Operatives - Mini-Run Operators and to a lesser extent, Job Group 80 Services Workers. Recently, Job Group 60A Craft Workers - Apprentices became a possible external hiring pathway to bargaining unit positions. Summarized in the table below are the agency’s approaches for Job Groups where placement goals have been established.

<table>
<thead>
<tr>
<th>Job Group</th>
<th>Action Plan to Attain Placement Goals</th>
</tr>
</thead>
<tbody>
<tr>
<td>60B Craft Workers: Skilled&lt;br&gt;70C Operatives: Light Rail</td>
<td>Nearly all hiring into these two Job Groups occurs from internal movement of ATU bargaining unit employees. When openings occur, interested bargaining group employees apply for consideration using a selection process based on recognized seniority. Movement of ATU employees based on seniority may occur among and between office, craft, operator, and service-maintenance positions. The strategy for achieving placement goals includes: 1. Building awareness among bargaining unit employees of job opportunities across the ATU bargaining unit; 2. Ensuring that recruiting outreach includes sources of qualified women, minorities, protected veterans and IWDs when external hiring occurs in Job Groups 60A Craft Workers – Apprentices, 70A Operatives – Mini-Run Operators, and 80 Service Workers. Through these approaches, office and service maintenance employees with no contact with skilled craft apprentices will have an opportunity to learn about alternative career paths and external hiring will reflect the diversity of the communities TriMet serves. Placement goals in work areas governed by seniority are long-term goals. Over time, employees with low seniority are expected to successfully compete for positions where placement goals have been established, resulting in these job groups being more diverse.</td>
</tr>
<tr>
<td>11 Mgrs. &amp; Officials: Exec. &amp; Sr.-Level&lt;br&gt;15 Supervisors&lt;br&gt;30 Technicians</td>
<td>The three Job Groups not affiliated with the ATU bargaining group with placement goals involve executive and senior-level managers, first level supervisors, and technician positions. Because openings occur relatively infrequently in these Job</td>
</tr>
<tr>
<td>Job Group</td>
<td>Action Plan to Attain Placement Goals</td>
</tr>
<tr>
<td>-----------</td>
<td>-------------------------------------</td>
</tr>
<tr>
<td></td>
<td>Groups, they are considered to be long-term placement goals. The strategy for achieving these goals includes: 1. Monitoring to ensure that women and minorities have equal access to training and development opportunities necessary for advancement; 2. Ensuring that recruiting outreach to sources of qualified women, minorities, protected veterans and IWDs occurs when there are openings.</td>
</tr>
</tbody>
</table>

Outside of individual strategies for each placement goal, TriMet will continue organization-wide efforts to build program awareness and support. For positions that have placement goals, it will be identified on the requisition and recruitment plans to focus outreach and recruitment strategies in those job areas. During the plan year, the agency will continue to develop training, including the Learn and Learn series, Internal Management Conferences for managers where training and skill-building is provided in cross-cultural competencies, Veteran Preference, equal employment opportunity laws, and TriMet’s employment practices and affirmative action efforts. The agency also plans to reinforce Respectful Workplace Training to all employees where awareness is built around workplace conduct and approaches to resolving issues and addressing problems.

Other Action-Oriented Plans

After reviewing the accomplishments of the prior year and the commitments that can reasonably be achieved, the agency voluntarily establishes the following good faith Action-Oriented Plans.

Internal Activities

1. The agency will communicate the commitments and accomplishments of the Affirmative Action Program to managers and ask for their assistance and support.

2. The agency’s employee development efforts will continue to encourage and assist employees wishing to enhance their vocational skills and experiences.

3. Job openings will be posted to ensure that all interested employees have equal opportunities to apply for consideration.

4. The Human Resources Department will remain available to employees wishing to discuss advancement within the agency.

Outreach Activities

1. Employees will be encouraged to become involved in organizations that may be a direct or indirect source of qualified women and minority candidates.

2. Notices of openings will be sent to organizations that could assist with the recruitment and referral of qualified women and minorities.

3. When working with outreach resources, the agency will continue to focus on Job Groups where goals exist in an overall effort to reduce and eventually eliminate underutilization.

4. All openings will be posted with the state employment services office.
5. The agency will communicate the organization’s EEO and Affirmative Action values in print and online.

6. The agency will inform educational institutions of the organization’s desire to receive applications from qualified women and minorities.

7. The agency will encourage women and minority employees to participate in programs such as career days, youth programs and related activities when possible and appropriate.

8. Subcontractors, vendors and suppliers will be notified of the agency’s Affirmative Action Program and will be asked to take appropriate action on their parts.

Plan Management and Compliance Policies

Internal Audit and Reporting [41 CFR 60-2.17(d)]

The agency will audit and review the effectiveness of the Affirmative Action Program during and at the end of the plan year. It is the responsibility of Angela Burns-Brown, Director, Talent Management and Associate EEO Officer, to monitor and audit program progress. The internal audit includes reviewing:

1. Personnel activity, including referrals, placements, transfers, promotions, separations and compensation, to ensure that these processes and the actions taken pursuant to them are consistent with the AAP.

2. AAP Goals and Action Plans to ensure that progress is occurring.

3. AAP recordkeeping to ensure that it is functioning correctly.

The internal audit results will be reviewed periodically with senior management and with those that have Affirmative Action Program implementation responsibilities. Periodically, Affirmative Action Program progress will be reviewed with all managers. If responsive action is appropriate, an Action Plan will be developed to address issues identified by the audit.

Year End and New Plan Reviews

Randy Stedman, Executive Director, Labor Relations and Human Resources and EEO Officer, is responsible for ensuring that a year-end progress report is made to Neil McFarlane, General Manager. The accomplishments and issues identified in the report will be used in the preparation of the following year’s AAP.

Introduction and Policy Statement [41 CFR 60-300.44(a)(6) & 60-741.44(a)(6)]

This AAP has been approved and implemented according to the Program Adoption and Program and Plan Introduction that precede these pages. This plan should not be read or interpreted without this section, which is considered a part of the AAP.

Contained in the Program and Plan Introduction is the agency's Equal Employment Opportunity Statement. The statement communicates the agency's commitment to equal employment opportunity and affirmative action for protected veterans and individuals with disabilities and identifies a process for applicants and employees to make requests and reports.

The term “protected veteran” is used by the plan to mean Disabled Veteran, Active Wartime or Campaign Badge Veteran, Recently Separated Veteran and/or Armed Forces Service Medal Veteran as defined by VEVRAA and 41 CFR 60-300. The terms “disabled”, “disabilities”, and “individuals with disabilities” or the abbreviation “IWD” are used as defined by Section 503 of the Rehabilitation Act of 1973 and 41 CFR 60-741.

Responsibility for Implementation [41 CFR 60-300.44(i) & 60-741.44(i)]

Each officer, director and manager is responsible for helping to maintain and promote the Affirmative Action Program within his or her area of responsibility.

Policy and Responsibility for the AAP

Neil McFarlane, General Manager, has overall responsibility for implementing the Affirmative Action Program and for leading efforts designed to ensure its success.

Program Development and Monitoring the AAP

Randy Stedman, Executive Director, Labor Relations and Human Resources and EEO Officer, is responsible for developing and monitoring the organization’s Affirmative Action Program in accordance with applicable regulations. These responsibilities include:

1. Monitoring the organization’s employment and personnel decisions to ensure that the actions defined in the Affirmative Action Program are implemented.
2. Developing and maintaining policies, guidelines, and programs that ensure equal employment opportunity.
3. Communicating the organization’s policies, programs and commitment to the Affirmative Action Program to managers and employees.
5. Training and coaching managers and employees with the goal of ensuring that the work environment is free from discrimination and harassment.
6. Providing guidance and support for those responsible for the day-to-day implementation of the Affirmative Action Program.

7. Confirming that periodic audits are undertaken to monitor equal employment opportunity for protected veterans and individuals with disabilities.

8. Ensuring that applicants and new employees are appropriately informed of the organization's Affirmative Action Program.

9. Ensuring that the Affirmative Action Program is periodically reviewed, that the Affirmative Action Plan is updated annually, and that the Vets 4212 report is filed when required.

Day-To-Day Implementation for the AAP

Angela Burns-Brown, Director, Talent Management and Associate EEO Officer, is responsible for the day-to-day implementation of the organization's Affirmative Action Program. Specifically, this includes:

1. Providing plan implementation direction and interpretation to managers and employees.

2. Assisting in maintaining work environments that are free of discrimination and harassment.

3. Maintaining audit and reporting systems to measure the effectiveness of the Affirmative Action Program, including:
   - Measuring the progress towards goals and benchmarks
   - Data collection, analysis and retention as required by regulations
   - Identifying circumstances in which responsive action is needed

4. Reporting Affirmative Action Program results to senior management during the year as needed, and at the end of each plan year.

5. Assisting with the review and update of the AAP at the end of each plan year.

6. Assisting in the review and revision of policies and procedures to ensure compliance with federal laws and regulations.

7. Assisting managers and employees with issues and concerns related to the Affirmative Action Program.

8. Serving as a liaison between the agency and regulatory and enforcement agencies as appropriate.

9. Helping the agency stay current on developments related to Affirmative Action Program compliance.

10. Ensuring that workplace postings are maintained as required.

11. Ensuring that appropriate job listing and advertising occurs as required.

12. Serving as a liaison between the agency and organizations concerned with employment opportunities for veterans and individuals with disabilities, when appropriate and feasible.
Managers are also responsible for matters important to the day-to-day implementation of the organization’s Affirmative Action Program within their areas of responsibility. These responsibilities include:

1. Working to maintain work environments that are free of discrimination and harassment.
2. Helping to identify issues related to the Affirmative Action Program and recommending potential responsive actions.
3. Carrying out specific affirmative steps as assigned.

**Internal Policy Dissemination and Actions** [41 CFR 60-300.44(g) & 60-741.44(g)]

The agency has developed internal processes and procedures to communicate its commitment to equal employment opportunity and to take affirmative action to advance in employment protected veterans and individuals with disabilities. These activities include, but are not limited to:

1. Ongoing communication of the agency’s equal employment and affirmative action policies, statements and programs to new hires during orientation and to incumbent employees periodically.
2. Communicating the objectives, commitments and accomplishments of the agency’s Affirmative Action Program to managers annually.
3. Providing training to employees engaged in key personnel activities when needed.
4. Informing new hires of the Affirmative Action Program and inviting new hires to self-identify as protected veterans and/or individuals with disabilities for the purpose of benefiting from the program.
5. Periodically inviting incumbent employees to self-identify as protected veterans and/or as individuals with disabilities for the purpose of benefiting from the Affirmative Action Program.
6. Ensuring that workplace policies, notices and postings are maintained and accessible to employees and managers.
7. When appropriate, publicizing the known accomplishments of employees who are protected veterans and/or individuals with disabilities in internal publications or external communications.
8. Ensuring that employees who are protected veterans and/or individuals with disabilities are included when employees are featured in promotional materials, articles and publications.
External Policy Dissemination and Actions [41 CFR 60-300.44(f) & 60-741.44(f)]

The agency reviews its outreach, recruitment and policy dissemination activities with respect to protected veterans and individuals with disabilities annually. These activities include, but are not limited to:

1. Reviewing outreach and recruitment efforts taken over the previous twelve months to evaluate the program’s effectiveness in identifying and recruiting qualified protected veterans and individuals with disabilities.

2. Sending written notification of the agency’s equal employment opportunity and affirmative action policy to subcontractors, vendors and suppliers, requesting appropriate action on their parts.

3. Contacting the local State Employment Services office to indicate that the agency is a federal contractor wishing to request priority referral of protected veterans and providing the name of the hiring official at each location.

4. Conducting briefing sessions with representatives from recruiting sources that include, when appropriate: a facility tour; concise examples of current and future job openings; position descriptions and job qualifications; and recruiting literature and a description of the agency’s selection processes.

5. Conducting recruiting efforts at educational institutions that participate in training of protected veterans and individuals with disabilities.

6. Participating in work-study programs with rehabilitation facilities and educational institutions training protected veterans and individuals with disabilities.

7. Listing all full-time, part-time and temporary job openings with the state employment services office, except executive and senior management positions and positions lasting three days or less.

8. Including employees who are protected veterans and individuals with disabilities when employees are pictured in promotional and job recruiting materials and online postings.

9. Undertaking external outreach and positive recruitment activities to recruit qualified protected veterans and individuals with disabilities. During the plan year, outreach to the following organizations is being considered to help recruit qualified candidates based on the agency’s size, adequacy of existing employment practices, and the number and nature of forecasted employment openings.

Considered Sources for Outreach to Protected Veterans:

- The Veterans’ Employment Representative in the local employment service office
- The local Department of Veterans Affairs Regional Office
- The veterans’ counselors and coordinators ("Vet-Reps") on local college campuses
- The local veteran service centers and national veterans’ groups
- The Department of Defense Transition Assistance Program (TAP)
- Organizations listed in the Employer Resources section of the National Resource Directory
- Military Bases – Transitional Career Centers
Considered Sources for Outreach to Individuals with Disabilities:

- The local State Vocational Rehabilitation Service Agency (SVRA)
- The Employment One-Stop Career Center and/or local American Job Center
- The local Department of Veterans Affairs Regional Office
- Local entities funded by the Department of Labor to provide recruitment or training services for individuals with disabilities, such as the services provided through the Employer Assistance and Resource Network (EARN)
- Local Employment Network (EN) organizations listed in the Social Security Administration’s Ticket to Work Employment Network Directory
- Local disability groups, organizations, or Centers for Independent Living
- Placement or career offices of educational institutions that specialize in the placement of individuals with disabilities
- Private recruitment sources that specialize in the placement of individuals with disabilities

10. On an annual basis, the agency reviews and assesses the outreach and recruitment efforts it has taken over the previous twelve months to evaluate their effectiveness in identifying and recruiting qualified protected veterans and individuals with disabilities. The agency will document each evaluation, including at a minimum the criteria it used to evaluate the effectiveness of each effort and the agency’s conclusion as to whether each effort was effective. Among these criteria is the data described in the Data Collection Analysis section, for the current year and the two most recent previous years starting with the first plan year after March 24, 2014. If the agency concludes the totality of its efforts were not effective in identifying and recruiting qualified protected veterans and individuals with disabilities, it will identify and implement alternative efforts. The agency will retain these documents for three years.

Review of Personnel Processes [41 CFR 60-300.44(b) & 60-741.44(b)]

The agency reviews its personnel policies and employment processes annually to ensure that they provide for careful, thorough, and systematic consideration of the job qualifications of known protected veterans and individuals with disabilities when decisions such as hiring or promotion are made or when training opportunities are offered or available. The review confirmed:

1. When protected veterans are considered for employment, only those portions of the individual’s military record relevant to the requirements of the job are evaluated.

2. When protected veterans and individuals with disabilities are considered, they are not stereotyped in a manner that limits access to jobs for which they are qualified.

3. Applicants and employees with disabilities have equal access to personnel processes by design and through accommodation:
   - Alternative application processes to the agency’s online application systems have been established to ensure that expressions of interest can be received from all job candidates.
   - The agency has processes in place to receive requests and make reasonable accommodations for applicants throughout the employment selection process.
4. Applicant and employee records are being maintained so that for each known protected veteran and individual with a disability the agency is able to identify:

- Those protected veterans and individuals with disabilities who have self-identified for coverage under the Affirmative Action Program;
- The open positions, promotions and training opportunities for which protected veterans and individuals with disabilities have applied or were a training participant;
- The reason(s) for decisions involving protected veterans and individuals with disabilities who have sought employment, promotion or training opportunities; and
- Any accommodations requested, considered and/or made during the plan year.

5. When applicants or employees are selected for hire, promotion or training that involves an accommodation that makes placement possible, the agency is making a confidential record of the accommodation. Any information about a medical condition or history is maintained as a separate and confidential medical record.

Review of Physical and Mental Job Qualifications [41 CFR 60-300.44(c) & 60-741.44(c)]

The agency periodically reviews all active physical and mental job qualification standards to ensure that, to the extent job qualification standards tend to screen out qualified protected disabled veterans and/or individuals with disabilities, they are job-related for the position and consistent with business necessity, including the safe performance of the job. Job qualifications are reviewed before use in a selection process if they have not been re-evaluated within the last 12 months, or if significant changes have been made to either the content of the position or the environment in which the job is performed. Physical and mental job qualifications are maintained and evaluated in the following ways:

1. Physical and mental job qualification requirements are reviewed with line management and supervisors using the schedule above to insure that they are current, job-related and consistent with business necessity, including the safe performance of the job.

2. Subject-matter experts may be used to evaluate ways to improve a position’s job design and/or job qualifications for the purpose of increasing accessibility.

3. If medical inquiries are made and/or examinations are used, they are only performed at the appropriate times and for appropriate purposes. Information about a position’s job description, working conditions and hazards and job qualifications are made available to an examining physician. When available, physician feedback may be used to help improve and maintain job qualifications.

4. A random number of applicant and employee recruitment, selection, promotional and training decisions involving protected disabled veterans and individuals with disabilities will be evaluated to determine the effectiveness of physical and mental job qualifications and areas of possible improvement.
Measurement of Prior Plan Year Benchmark and Utilization Goal Outcomes [41 CFR 60-300.45(d) & 60-741.45(d)]

The agency measures its Veteran Hiring Benchmark and Individuals with Disabilities Utilization Goal results at the end of each plan year. The Benchmark is not a quota but a quantifiable measure that helps the agency evaluate its progress toward achieving equal employment opportunity for protected veterans. Similarly, the Utilization Goal is neither a quota nor a ceiling limiting or restricting the employment of individuals, but is instead a quantifiable measure that helps the agency evaluate its progress toward achieving equal employment opportunity for individuals with disabilities. For the prior plan year, the outcomes for both measures are summarized below.

**Measurement of Prior Plan Year Benchmark for Hiring Protected Veterans:**

For the Prior Plan Year, the Benchmark for hiring protected veterans was 6.9%. The agency's protected veteran placement rate was 9.4% for the plan year, exceeding the Benchmark.

**Measurement of Prior Plan Year Utilization Goal for Individuals With Disabilities:**

For the Prior Plan Year, the Utilization Goal for IWDs was 7.0% for each Job Group. At the end of the plan year, IWDs made up 0.7% of the agency’s workforce. Measurement of the Utilization Goal by Job Group is summarized in the table below.

Review of External Outreach and Recruitment Efforts [41 CFR 60-300.44(f)(3) & 60-741.44(f)(3)]

Benchmark for Hiring Protected Veterans:

The agency is committed to providing equal employment opportunity and affirmative action for protected veterans. Over the course of the plan year the agency’s outreach efforts included: listing of openings with the state’s employment service office; posting of openings on broad-based diversity websites; contact with veteran organizations that might be of assistance in reaching qualified veterans; and an invitation to veterans on the agency’s career website to self-identify as a protected veteran and participate in the affirmative action program for veterans. While the agency is pleased with these results, additional efforts are being made to better understand the most effective ways to recruit protected veterans for the types of openings the organization may have in the future and to enhance channels of communication with qualified veterans.

Utilization Goal for Individuals With Disabilities:

The agency is committed to providing equal employment opportunity and affirmative action for individuals with disabilities. Over the course of the plan year the agency’s outreach efforts included: listing of openings with the state’s employment service office; posting of openings on broad-based diversity websites; contact with organizations that might be of assistance in reaching qualified IWDs; and an invitation to IWDs on the agency’s career website to self-identify and participate in the affirmative action program. The agency has made its desire and willingness to make reasonable accommodations for IWDs broadly known to applicants and employees. Within the agency, employees were invited to self-identify as an individual with a disability and participate in the affirmative action program. The agency expects employees with disabilities will continue to self-identify and over time the IWDs utilization rate will increase. During the plan year, the agency will pilot a new employment program focused on individuals with disabilities to support these outcomes.

Plan Year Outreach to Protected Veterans and Individuals with Disabilities:

1. TriMet supported and participated in sixteen job fairs during the plan year. Participation was designed to reach all members of the community, including women, minorities, protected veterans and individuals with disabilities. These efforts included active involvement in the following events:

   SE Works Career Fair (July 20, 2016)
   National Career Fair, Las Vegas (July 26, 2016)
   SE Works Apprenticeship Job Fair (August 17, 2016)
   Goodwill Regional Job Fair (August 30, 2016)
   Hiring Our Heroes (September 15, 2016)
   Mt Hood Community College Veterans Career Fair* (November 2, 2016)
   Straight Pathways (November 3, 2016)
   Goodwill Job Connections Career Fair (January 18, 2017)
   Mt Hood Diversity Career Fair (April 20, 2017)
   PCC Cascade Job Fair (April 25, 2017)
   Incight Tapping Fresh Talent* (May 11, 2017)
   Women in Trades (May 19 & 20, 2017)
IRCO Career Fair (June 3, 2017)
Hispanic Metropolitan Chamber of Commerce (June 15, 2017)
SE Works/Rosewood Initiative (June 29, 2017)

*Focused outreach to Protected Veterans, IWDs, or both.*

2. The agency participated in informational sessions on TriMet careers in a wide variety of locations throughout the metropolitan area:

   Mt. Hood Community College (November 9, 2016)
   Centro Cultural (December 20, 2016)
   SE Works/SE WorkSource Center Meet the Employer (January 4, 2017)
   MLK Celebration (January 18, 2017)
   PCC HVAC Cohort (March 1, 2017)
   Centro Cultural Children’s Day (April 30, 2017)
   WorkSource Veteran Presentation (May 3, 2017)

3. Five TriMet Hiring Events were conducted during the plan year. Attendees learned about TriMet and the job opportunities available at the agency. The events provided a forum to meet with hiring managers, attend a bus operator job orientation and begin the application process. Announcements leading up to the events were broadly communicated to ensure they were inclusive:

   Oregon Convention Center (September 17, 2016)
   Las Vegas Convention Center (October 13, 2016)
   WorkSource Vancouver (November 30, 2016)
   PCC Workforce Training Center (February 15, 2017)
   Mt. Hood Community College (May 17, 2017)

4. TriMet participated in live resume networking events designed to support and reach diverse members of the community, including women, minorities, protected veterans and individuals with disabilities. During the plan year these efforts included participation in events with Insight Live and Portland Community College’s Employment Marketplace.

5. The agency was also an active participant in the following youth career day events:

   Battleground Youth Expo (February 23, 2017)
   NW Portland Youth Expo (March 17, 2017)

6. During the plan year TriMet continued to collaborate with Partners In Diversity, the Urban League of Portland, IRCO, SE Works, and Portland Community College.

7. In addition to focused outreach activities and events within the community, TriMet maintains an online presence through NeoGov where visitors can easily view job openings and descriptions, establish an online profile, and apply for consideration when openings occur. TriMet was accessible to a diverse community through direct emailing of job notices to interested individuals, social media presence on Facebook, Twitter, and LinkedIn, and through Internet sites such as Craigslist, Indeed, KUNP, MAC’s List, Mosaic, Partners In Diversity, PDX Pipeline, and Governmentjobs.com and as a featured Weekly Employer at Ft. Lewis/McCord Military Base.
8. TriMet placed employment ads in diverse range of community newspapers during the year, such as the Asian Reporter, The Skanner, Portland Observer, Portland Tribune and Willamette Weekly.

9. The agency continued its practice of communicating the organization’s EEO and affirmative action values in print and online.

10. Subcontractors, vendors and suppliers were notified of the agency’s Affirmative Action Program and were reminded to take actions appropriate to their contracting status.

Hiring Benchmark and Utilization Goal Action Plan

Benchmark for Hiring Protected Veterans [41 CFR 60-300.45]

The agency has established a protected veteran hiring Benchmark using the OFCCP method that calls for adopting the average percentage of veterans in the civilian labor force as published on the agency’s website. For the current plan year, the hiring Benchmark is 6.7%. The Benchmark is not a quota but a quantifiable measure by which the agency can evaluate its progress toward achieving equal employment opportunity for protected veterans. At the end of the plan year, attainment of the Benchmark will be reviewed to determine if action-oriented programs are indicated.

Utilization Goal for Individuals with Disabilities [41 CFR 60-741.45(b)]

The agency has established a disability Utilization Goal of 7.0%. Because the agency’s workforce is greater than 100 employees, the goal is established for each Job Group defined and established by the AAP for Women and Minorities. The Utilization Goal is neither a quota nor a ceiling limiting or restricting the employment of individuals, but is instead a quantifiable measure by which the agency can evaluate its progress toward achieving equal employment opportunity for individuals with disabilities. At the end of the plan year, attainment of the Utilization Goal will be reviewed to determine if action-oriented programs are indicated.

Audit and Reporting System [41 CFR 60-300.44(h) & 60-741.44(h)]

The agency has designed and implemented an audit and reporting system that:

1. Measures the effectiveness of the Affirmative Action Program;
2. Identifies areas where responsive action may be appropriate;
3. Determines the degree to which the agency’s objectives have been achieved;
4. Determines whether known protected veterans and individuals with disabilities have had the opportunity to participate in all agency sponsored educational, training, recreational and social activities;
5. Measures the agency’s compliance with the Affirmative Action Program’s specific obligations; and
6. Documents the actions taken to comply with the obligations of paragraphs (1) through (5) above, and retains those documents as employment records subject to the recordkeeping
requirements of Section 503 of the Rehabilitation Act (60-300.80) and VEVRAA (60-741.80).

Where warranted by the results of the audit of the Affirmative Action Plan, the agency will undertake appropriate good-faith efforts to achieve program compliance.

An audit of the agency’s Affirmative Action Plan indicates that it is effective and objectives of the program have been met.

**Data Collection Analysis** [41 CFR 60-300.44(k) & 60-741.44(k)]

The agency documents the following computations by AAP on an annual basis and maintains the data and analyses for a period of three years:

1. The number of applicants who self-identified as protected veterans and/or individuals with disabilities, or who are otherwise known as protected veterans and/or individuals with disabilities;
2. The total number of job openings and total number of jobs filled;
3. The total number of applicants for all jobs;
4. The number of protected veterans and/or individuals with disabilities applicants hired; and
5. The total number of applicants hired.

**Reasonable Accommodation to Physical and Mental Limitations Statement** [41 CFR 60-300.44(d) & 60-741.44(d)]

The agency is receptive to receiving requests from employees, including those who are known to be protected disabled veterans and/or individuals with disabilities, for accommodations related to disability. The agency is also receptive to receiving requests from applicants and potential applicants for disability-related accommodations in the application process. Where the agency receives such requests from employees or applicants, it will engage in the interactive process with the individual who made such requests and, where accommodation is needed and reasonable, the agency is committed to providing accommodation, unless providing accommodation would impose an undue hardship. The agency routinely informs applicants and employees of its willingness to make reasonable accommodations and information on who to contact to request or discuss an accommodation.

A reasonable accommodation may be a change or alteration in marginal job functions or the manner in which essential functions are to be performed. Accommodations that impose an undue hardship on the conduct of business (as measured by statutorily relevant factors, such as business necessity and financial expenses) are not provided.

The agency may also initiate discussion of the need for a possible accommodation. For example, if an employee’s performance is below standard the agency will counsel that employee on performance. If the employee attributes performance to disability, or if the employee is known to be disabled, the agency may initiate the interactive process with the goal of determining whether reasonable accommodation may be needed and available.
Harassment Prevention Statement [41 CFR 60-300.44(e) & 60-741.44(e)]

The agency has developed and implemented procedures to ensure that the workplace is free from harassment based on an individual’s status as a protected veteran and/or an individual with a disability (or any other status protected by law). This includes periodically communicating the agency’s equal employment opportunity policies and statements which prohibit discrimination, including all forms of harassment. The agency’s Equal Employment Opportunity Statement provides examples of discriminatory and harassing behavior and makes assurances that no applicant or employee will experience adverse consequences for making a good faith complaint or assisting in the review of a complaint. The contact identified by the agency to receive complaints is prepared to promptly initiate an investigation that will result in a timely and appropriate corrective action if discrimination is found to have occurred.

Self-Identification Invitation Statement [41 CFR 60-300.42 & 60-741.42]

The agency invites applicants, new hires and periodically all employees, to self-identify as protected veterans and/or individuals with disabilities. For a copy of the invitation, please see Affirmative Action Plan Exhibits.

Compensation Statement

The compensation, healthcare insurance and retirement benefits, and all other employee programs and benefits that protected veterans and disabled employees receive from the agency will not be reduced because of any military or disability income, pension, or benefit.

Medical Information Confidentiality Statement

No medical examination is required or performed before an offer of employment is extended. (However, the Section 503 Voluntary Self-Identification of Disability form is provided to individuals at the time of initial application.)

Any medical information the agency receives regarding an applicant or an employee will be stored separately from other personnel information. Medical information will be treated as confidential, except as follows:

1. Supervisors and managers may be informed of required work restrictions and necessary accommodations;
2. When appropriate, first aid and safety personnel may be informed if an identified condition might require emergency treatment;
3. Healthcare professionals may be informed if the agency seeks reasonable accommodation advice;
4. Providers of insurance and worker’s compensation benefits may be informed;
5. Government officials may be informed if engaged in enforcing (a) laws administered by OFCCP, (b) the Americans with Disabilities Act, and/or (c) other applicable civil rights laws; and
6. Disclosures will be made when required by law or court order.
Training Statement [41 CFR 300.44(j) & 60-741.44(j)]

The agency trains all personnel involved in the recruitment, screening, selection, promotion, performance management, and related processes to ensure that the commitments in the Affirmative Action Program are implemented.

AAP Availability Statement

The AAP for protected veterans and individuals with disabilities is available for review. The process for requesting to review the plan is published in the Equal Employment Opportunity Statement.
