4. **Resolutions**

Doug Kelsey and staff introduced the following resolutions and responded to Board questions:

**Resolution 18-12-77 Adopting a Revised Anti-Drug and Alcohol Policy**

Director Edwards expressed the importance of ensuring that employees have resources available to them to get the help needed to overcome substance abuse and asked if our plan aligns with the Department of Transportation’s (DOT) plan.

Kim Sewell stated that TriMet agrees on the importance of helping employees with substance abuse and has an employee assistance program in place that provides that help. Kim Sewell clarified that this amendment is related to the DOT’s mandated increased rate of testing so that our revised plan aligns with DOT requirements. Harry Saporta explained that if an employee comes forward to let TriMet know the employee has a substance abuse problem before an incident occurs, the employee can get the necessary help without negative employment consequences. Harry Saporta added that in most cases when an incident occurs the employee has an opportunity to enter into a second chance agreement if the employee is willing to get the help needed.
