Action Items

A. 9:30 - Call to Order and Introductions – Committee Co-Chair

B. Findings and feedback from the field visit to the New Flyer articulated bus

➤ **Action Items**

- Invite all CAT members to a tour of the Q-STRAINT bus to view securement options at the Mobility Center on Friday 6/26

Feedback captured about future FX platforms:

- Create truncated domes in yellow
- Continued use of octagonal poles
- Near level boarding
- Make sure that garbage cans and other amenities are not in the way of mobility devices boarding and alighting the vehicle.
- Can the Next Gen bus shelters be incorporated into the 82nd project?
- Create tactile warning indicators along the entire platform

C. Open Discussion

- How will the TriMet budget and staffing reductions affect buses and MAX; (scheduling, pass ups, carry-on items and Next Gen Bus Shelters) – Richard
- Automatic Announcement to clear securement area when a mobility device is boarding – Dave

➤ Action Items

- The Priority Seating Ad Hoc work continues with internal staff meetings, pilot projects and future CAT meetings.

D. 11:00 - Meeting Adjourned
