Agenda

A. 9:30 - Call to Order and Introductions: Committee Co-Chair**B. 9:40 – 82nd Avenue Transit Project Update:**

Joanna Campbell, Senior Project Manager Engineering & Construction

Bradley Choi, Project Manager Engineering & Construction

➤ Action Items:

- Have the 82nd team connect with the Wayfinding committee around the request and conversations for blue octagonal poles
- 82nd team to work with the CAT on where the Falcons could be best located
- 82nd team to run CTRAN's New Flyer bus on some of TriMet's shorter 6-inch platforms to test the second door boarding ramp
- Consider from the committee the extension of the directional tactile strip to the shelter corner.
- Arrange for a few blind and low-vision committee members to test the placement of tactile strips on the ground at 82nd Avenue bus stops to determine a potential best wayfinding solution.
- Ensure the placement of trash cans and other amenities at 82nd Avenue bus stops does not obstruct accessibility for people with mobility devices.

C. 10:30 – Benefits of Bus Stop Spacing:

Eugene Balfour, Strong Towns PDX

Tim Slevin-Vegdahl, Strong Towns PDX
