

TriMet Administrative Rules

Issuance and Processing of Exclusions

Authority: TriMet Code Chapter 28

February 21, 2025

The following Administrative Rules (“Rules”) shall govern the issuance and processing of exclusions by TriMet, in accordance with the TriMet Code (also referred to hereinafter as “TMC” or “Code”) Chapter 28.

Nothing in these Rules or the existence of these Rules shall prevent the District from taking any lawful steps to protect its employees, passengers and the District Transit System. Specifically, nothing in these Rules affects the right of the District or law enforcement to request the immediate departure of any person posing a safety threat to system users, District personnel or any other persons, or is in violation of criminal law or the TriMet Code. Further, nothing in these Rules affects the right of law enforcement to accomplish the forceful removal of any person posing an imminent threat, so long as the law authorizes such action.

As used in these Rules:

- The term “business day” shall exclude all weekend days and the following holidays: Christmas Day, New Years Day, Martin Luther King Jr.’s birthday, Thanksgiving Day, Labor Day, Memorial Day and Independence Day. Holidays falling on a weekend day will be counted only as one weekend day and will not extend any deadline by an additional day by virtue of the holiday.
- The term “exclusion” has the same meaning as set forth at TMC Section 28.10 which is defined as a sanction administered to an individual for violation of TMC Chapters 28, 29 or 30. An exclusion prohibits that individual from entering or remaining on or in the District Transit System in whole or in part, for a specified duration.

1. Authority for Exclusions

TriMet may exclude an individual from any or all parts of the District Transit System, as defined in Exhibit D to these Rules for purposes of the issuance and enforcement of exclusions, for any violation under TMC Chapters 28, 29 or 30. The length of the exclusion shall be in accordance with TMC Section 28.18 and these Rules. In accordance with the Code, “a person excluded under TMC Section 28.18 may not during the period of exclusion, enter or remain upon any part of the District Transit System from which said person is excluded.” The part of the District Transit System from which a person is excluded is defined solely by reference to Exhibit D. Furthermore, an excluded person who enters or remains upon any part of the District Transit System from which the person has been excluded may be charged with the crime of Interfering

with Public Transportation (ORS 166.116) or the crime of Criminal Trespass in the Second Degree (ORS 164.245).

Except for an exclusion issued by the General Manager pursuant to TMC Section 28.18(A)(1)-(2), a Notice of Exclusion may be issued by any authorized person under TMC Section 28.18(C) that has received training, including police officers, peace officers, TriMet Customer Safety Supervisors, TriMet Road and Rail Supervisors, and any other person designated by the General Manager (collectively “Exclusion Officers”), provided however, that TriMet will not recognize or enforce an exclusion that does not conform to the requirements of the Exclusion and Citation Schedule or any exclusion determined by the General Manager to be based on insufficient facts or inconsistent with TriMet policy. Only the General Manager may issue an exclusion longer than 180 days pursuant to TMC Section 28.18(A)(1)-(2).

2. Designation of Violations Eligible for Exclusion and Length and Scope of Exclusions

Except as otherwise provided, the violations eligible for exclusion and the corresponding length of exclusion is established by the Exclusion and Citation Schedule (“Schedule”). The Schedule is incorporated by reference and attached to these Rules as Exhibit A.

A Notice of Exclusion shall identify the violation supporting the exclusion and must state the length of exclusion specified in the Schedule. No person is permitted to vary the length of an exclusion, except:

- a. In accordance with the findings of the Hearings Officer. The Hearings Officer may vary the length or scope of an exclusion in accordance with his or her authority under the TMC and these Rules.
- b. In response to changed conditions. The General Manager, or designee, may modify an exclusion in accordance with TMC Section 28.18 (N). Special consideration to modify an exclusion will be given to an excluded party who works with TriMet’s Safety Response Team (SRT) or an equivalent to make a plan to address behavioral or substance abuse issues that may have contributed to the behaviors that led to the exclusion.
 1. Any request to modify an exclusion issued by the General Manager for longer than six months may only be reviewed on the schedule outlined in TriMet Code 28.18 (O).
- c. In response to a finding by the General Manager, or his or her designee, that an exclusion is not warranted or does not comport with District policy. The General Manager, or designee, may invalidate or modify any exclusion, based upon a review of all the facts and circumstances, as provided in Section 6 of these Rules.

3. Enforcement Requirements

a. Sufficiency of Facts and Cause for a Stop or Arrest

Any law enforcement officer may fully exercise the powers granted to them within his or her respective jurisdiction while enforcing criminal laws on the District Transit System, except as provided in Exhibit D concerning criminal arrests on the basis of violations of Notices of

Exclusion. Accordingly, law enforcement officers, when enforcing criminal statutes on District property, may engage in valid stops based on reasonable suspicion or arrests based upon probable cause. Any other authorized person engaged in enforcement activity, who is not empowered to enforce the criminal laws, will be governed strictly by these Rules. Likewise, when law enforcement officers are engaged in enforcement activity, and the nature of the conduct at issue is not defined in criminal statutes, but solely defined within the TMC, the permissible civil penalties that a law enforcement officer may issue are governed by the TriMet Code, these Rules, and the Schedule.

b. Sufficiency of Facts and Cause for Citation or Exclusion

All citations or exclusions issued by an authorized Exclusion Officer for conduct or fare violations must be based upon probable cause. In determining whether there is enough evidence to justify an exclusion or citation, Exclusion Officers may rely upon facts resulting from their own personal observations or reliable facts provided by witnesses or others.

Long term exclusions issued pursuant to TMC Section 28.18 (A)(1)-(2) shall be based on written findings by the General Manager that rely on the standards established in the TriMet Code.

c. Law Enforcement: Use of Discretion

Law enforcement officers shall exercise their discretion within the same constraints imposed by their respective departments and the law and shall be bound by the policies and procedures of their respective departments in the enforcement of criminal laws. If law enforcement officers are engaged in enforcement directed at conduct which violates both the TMC and criminal statutes as defined in federal, state, county or local law, the officer may use lawful discretion in determining whether to arrest or cite the individual under criminal statutes, or alternatively, cite or exclude the individual under the TMC. Notwithstanding this general principle, once a law enforcement officer determines to apply civil penalties or fines authorized by TMC Chapters 28, 29 or 30, the Schedule shall apply.

d. Notice of Exclusion

Every person alleged to have engaged in conduct in violation of the TMC, and sought to be excluded for that violation, shall be issued a Notice of Exclusion. Except for exclusions issued by the General Manager pursuant to TMC Section 28.18(A)(1)-(2), the Notice of Exclusion shall be substantially as set forth in either Exhibit B-1 or Exhibit B-2 (for exclusions issued using a mobile device) of these Rules.

If an Exclusion Officer issues an exclusion using a Notice of Exclusion form approved by the prior Administrative Rules for the Issuance and Processing of Exclusion dated November 20, 2019, the exclusion will be valid, but the length of the exclusion shall not exceed the period on the Notice of Exclusion form served on the individual.

The Exclusion Officer alleging the violation shall complete the Notice of Exclusion and provide a copy to the individual sought to be excluded. The Notice of Exclusion may be issued to the person sought to be excluded contemporaneously with the course of conduct supporting the

exclusion or at some time period after the violating conduct has occurred. When the Notice of Exclusion is issued to the person sought to be excluded at some time period after the violating conduct has occurred, the Notice of Exclusion must be personally served upon the person sought to be excluded.

For exclusions of 180-days or less, at no time may a Notice of Exclusion be served on a person sought to be excluded more than six (6) months after the violating conduct has occurred.

For exclusions issued by the General Manager pursuant to TMC Section 28.18(A)(1)-(2), at no time may a Notice of Exclusion be served to a person sought to be excluded more than:

- (a) twenty four (24) months after the violating conduct has occurred if the most serious violating conduct is a misdemeanor against a person;
- (b) thirty six (months) after the violating conduct has occurred if the most serious violating conduct is a felony against a person; or
- (c) twelve (12) months after the violating conduct has occurred for all other exclusions in excess of 180 days.

For a long term exclusion issued to a chronic offender pursuant to TMC 28.18 A(2), the violating conduct occurs on the date of the last qualifying offense in a 90-day period.

In order to be deemed valid by an Exclusion Administrator, the Notice of Exclusion must accurately denote the violating conduct and reference the applicable TMC provision or Oregon criminal statute that was violated, in accordance with TMC 28.18(E)(1).

4. Multiple Penalties

A citation and an exclusion may be issued for the same act or omission committed by a single person during a single interaction consistent with guidelines issued by TriMet. Multiple citations, or a citation and an exclusion, may also be issued to a single person who during a single interaction engages in multiple acts or omissions that constitute violations of different Chapters of the TriMet Code or different provisions of a single Chapter of the TriMet Code. The issuance of a citation or exclusion to a person shall not prevent the arrest, prosecution or conviction of that person for violation of criminal laws for the same or different act or omission.

When an exclusion is issued by an authorized Exclusion Officer under TMC Section 28.18(C), nothing prohibits the General Manager from issuing a second exclusion for a longer period of time for the same conduct as provided by TMC Section 28.18(A)(1)-(2).

5. Stay of Order

In accordance with TMC Section 28.18(G) and the Schedule, all exclusions will be subject to an automatic stay of ten (10) business days following the date of issuance to an individual. Thus, exclusions will not take effect until the eleventh (11th) business day following the date of issuance, or if a hearing has been conducted, the date on which the Hearings Officer's final order takes effect in accordance with the terms of the final order. The Hearings Officer may extend the period of the stay if a hearing cannot be scheduled within ten (10) business days of the issuance of a Notice of Exclusion.

6. Review of Notices of Exclusions

Every Notice of Exclusion issued by an Exclusion Officer shall be subject to the review of a District Exclusion Administrator, in accordance with TMC Section 28.18(F). An Exclusion Administrator shall review each Notice of Exclusion and any supporting documentation submitted by the Exclusion Officer to determine whether (a) the Notice of Exclusion is filled out completely and in a manner that permits a determination of validity; (b) whether the Notice of Exclusion conforms to these Rules and the Schedule, (c) whether the sufficiency of any narrative support submitted by the issuing officer warrants review by the General Manager, and (d) whether the exclusion has been issued to a person not eligible for a complete exclusion under the circumstances outlined in Section 14 of these Rules.

If the Exclusion Administrator determines that the Notice of Exclusion requires review by the General Manager, based on the sufficiency of the narrative or ineligibility of the person excluded for a complete exclusion, he or she shall refer the Notice of Exclusion to the General Manager, or the General Manager's designee. The General Manager or designee will review the written record of the exclusion and engage in any other additional investigation deemed appropriate or necessary to a fair review. The General Manager or designee, in his or her sole discretion, may invalidate or modify an otherwise valid exclusion, if, upon review, the General Manager or designee determines that the exclusion is not warranted or does not comport with District policy. If the Notice of Exclusion is properly completed and conforms to these Rules and the Schedule, and the General Manager or designee has not invalidated the exclusion, the Exclusion Administrator shall deem the exclusion valid. An Exclusion Administrator shall make a determination of validity for a Notice of Exclusion within seven (7) business days of the date of issuance of the Notice of Exclusion. If a Notice of Exclusion is determined to be invalid and withdrawn, an Exclusion Administrator shall notify the individual cited for the violation, by sending a letter ("Notice Letter"), through regular mail, within the seven (7) day period of administrative review. The Exclusion Administrator may also attempt to notify the individual by telephone that the exclusion has been withdrawn, if a telephone number is provided on the Notice of Exclusion.

If the Notice of Exclusion is deemed valid by an Exclusion Administrator, the excluded individual shall be entitled to further review in the form of a hearing.

7. Right to a Hearing

Every person issued a Notice of Exclusion shall be entitled to a hearing as a matter of right. The purpose of the hearing is (a) to review and determine whether the evidentiary basis for issuance of the exclusion is sufficient as a matter of law; (b) to determine whether the length and scope of the exclusion is commensurate with the nature of the violation; (c) to render a finding on whether it is more probable than not that the individual engaged in conduct justifying the exclusion; (d) consider any mitigating and aggravating factors relevant to the scope and length of the exclusion; (e) and issue a final exclusion order to sustain, modify, or set aside a Notice of Exclusion. All persons receiving an exclusion receive notice of their right to a hearing on the Notice of Exclusion.

8. Initiation of Proceedings

An individual who has received a Notice of Exclusion must contact TriMet by 5:00 p.m. no later than the tenth (10th) business day following the issuance of a Notice of Exclusion in order to request a hearing. The request may be made by phone or by letter, but if requested by letter, the letter must be received by the Exclusion Administrator by the tenth (10th) business day following the issuance of the Notice of Exclusion. An individual requesting a hearing need not demonstrate cause for the hearing, and the Exclusion Administrator shall immediately forward a copy of the Notice of Exclusion and any supporting documentation to the Hearings Officer. The Hearings Officer, or his/her designee, will contact the individual by phone or mail to schedule a hearing within three (3) business days of receipt of the Notice of Exclusion. The Hearings Officer shall provide notice to the Exclusion Officer that issued the Notice of Exclusion of the date and time of the hearing in accordance with the Hearings Officer's procedures for issuing such notice.

9. Scheduling of Hearings

- a. **Hearing Date:** Each hearing shall be scheduled directly with the Hearings Officer or his/her designee. To the extent possible, the Hearings Officer shall make every attempt to schedule each hearing at a time that is convenient for appearance by the excluded individual, TriMet, and any witnesses, including Exclusion Officers. All hearings shall be scheduled on a weekday, Monday through Friday, during normal business hours.
- b. **Continuance:** The Hearings Officer may grant a continuance, on its own motion or the motion of one of the Parties, if a continuance is warranted or necessary. The Hearings Officer has the sole discretion to grant or deny a continuance. Further, the Hearings Officer has the discretion to impose a stay, pending the later hearing date, in accordance with paragraph 8.

10. Treatment of Evidence

In conducting a hearing and reaching a decision, the Hearings Officer may rely upon any evidence that a reasonable person would rely upon in making an important decision or conducting personal business. Hearsay is admissible, except where its admission would offend due process. The Hearings Officer shall have the authority to compel testimony or evidence deemed necessary, in the Hearings Officer's sole discretion, to a fair decision. The Hearings Officer may receive testimony concerning the interpretation of the TriMet Code or Administrative Rules from any TriMet representative.

If the Hearing Officer determines, in his or her discretion, that justice requires compulsory process in order to allow a Party to fully present evidence, he or she may issue a subpoena, schedule a deposition, or order any other evidence-collection process specifically allowed in City of Portland hearings.

The City of Portland procedures for securing evidence are incorporated by reference and attached hereto as Exhibit C.

11. Statement of Rights by Hearings Officer

The Hearings Officer shall advise all parties, through written correspondence or personally when parties appear for the hearing, of the following rights:

- Hearings shall be informal and shall be conducted so as to facilitate the parties' ability to present their respective positions to the Hearing Officer. The District shall present its reasons for the exclusion first, and then the person contesting the exclusion shall present his or her reasons in support of rescission or modification of the exclusion.
- The Hearings Officer may question the parties and witnesses, and shall review all evidence submitted by the parties.
- The hearing shall be electronically recorded.
- An aggrieved party has the right to seek review through a Writ of Review to the Circuit Court of Multnomah County, Oregon.
- A party has the right to representation by an attorney.
- The District has the burden of proof, based upon a presentation of substantial evidence, to establish that it is more probable than not that the conduct justifying the exclusion occurred and that no factors are present to nevertheless warrant setting aside the exclusion.

12. Length and Scope of Exclusions

The length and scope of an exclusion shall be determined in light of all the facts and circumstances giving rise to the exclusion. After consideration of the evidence presented, the Hearings Officer may sustain the exclusion, modify the exclusion or set aside the exclusion. The Hearings Officer shall make a finding on whether it is more probable than not that the excluded individual engaged in the conduct supporting the exclusion. In addition, the Hearings Officer shall consider any mitigating or aggravating factors in determining the appropriate scope and length of the exclusion, that the Hearings Officer determines relevant, in his or her sole discretion.

If the Hearings Officer determines that the exclusion will be sustained but the scope or length of the exclusion is not commensurate with the seriousness of the violation, the Hearings Officer may modify the exclusion. An order modifying the exclusion should discuss the Hearings Officer's basis for the modification of the exclusion, including a discussion of findings related to the factors listed above.

13. Final Order by the Hearings Officer

Within five (5) business days following the conclusion of a hearing, the Hearings Officer shall issue a final Order setting forth all findings and a decision on the exclusion, unless issuance of a final order within five (5) business days is not practicable. If a final order cannot be issued within five (5) business days of the hearing, the Hearings Officer shall extend the stay on the exclusion until the final order is effective. A final Order shall be deemed issued on the date of mailing to all parties at the addresses provided by the parties, through regular U.S. Mail, and effective three (3) business days from the date of issuance.

The Final Order shall set forth the findings of the Hearings Officer and the basis for such findings.

If the Final Order sustains or modifies the Notice of Exclusion, the Final Order shall clearly set forth the period of exclusion, including the exact starting and ending date.

14. Circumstances Affecting the Applicability of Exclusions

If the Hearings Officer determines that the District has established that the violation was more probable than not, and that consideration of the factors justifies sustaining the exclusion, the Hearings Officer must nevertheless modify or set aside the exclusion in the circumstances defined below. This section does not apply to exclusions issued by the General Manager pursuant to TMC Section 28.18(A)(1)-(2).

For the purposes of this section, and in accordance with TMC Section 28.10, a “qualified exclusion” means an exclusion which excludes a person from use of the District Transit System except for use for travel to and from medical and legal appointments, school or training classes, places of employment, obtaining food, clothing and necessary household items, or for accessing any critical services. The Hearings Officer has the discretion to order a qualified exclusion that specifically responds to the individual needs of an individual covered by the following circumstances affecting the applicability of exclusions.

a. Exclusions Issued to Disabled Persons

An individual with a disability shall not be issued a complete exclusion from the District Transit System unless the person engaged in violent, seriously disruptive or criminal conduct, or in conduct posing a serious threat to the safety of others or to the operation of the transit system. Absent such a finding, if a Hearings Officer determines that a violation was more probable than not, the Hearings Officer shall order a qualified exclusion to permit an individual with a disability to use the system for trips of necessity (e.g., travel to and from medical and legal appointments, school or training classes, places of employment, obtaining food, clothing and necessary household items, or for accessing any critical services.).

b. Exclusions Issued to Transit Dependent Persons

A transit dependent person shall not be issued a complete exclusion for the District Transit System unless the person engaged in violent, seriously disruptive, or criminal conduct, or in conduct posing a serious threat to the safety of others or to the operation of the transit system. Absent such a finding, if a Hearings Officer determines that a violation was more probable than not, the Hearings Officer shall order a qualified exclusion to permit an individual with a disability to use the system for trips of necessity (e.g., travel to and from medical and legal appointments, school or training classes, places of employment, obtaining food, clothing and necessary household items, or for accessing any critical services.).

Any person asserting the right to a qualified exclusion on the basis of transit dependence shall have the burden of establishing transit dependence by a preponderance of the evidence.

“Transit Dependent” means a person who has no independent source of transportation and relies

solely on public transit for local movement and access.

c. Exclusions Issued Based Upon Expressive Conduct or Exercise of Religious Opinion

A person issued a Notice of Exclusion for conduct determined to be expressive conduct protected by the First Amendment to the U.S. Constitution and Article I, Sections 3 and 8 of the Oregon Constitution, shall not be excluded on the basis of such conduct. If the Hearings Officer finds that a violation was more probable than not, but also finds that the conduct involved expressive conduct or the expression of a religious opinion, the Notice of Exclusion shall be set aside, unless the Hearings Officer also finds that the effect of the conduct endangered public safety, disrupted service, or interfered with transit operations. For the purposes of this paragraph, the parameters of the free expression and religious protections afforded under this paragraph shall be coextensive with constitutional guarantees.

15. Treatment of Persons Who Do Not Provide a Mailing Address

If a person issued a Notice of Exclusion cannot, or will not, provide a mailing address at the time of issuance by an Exclusion Officer, Notice Letter from an Exclusion Administrator, correspondence from the Hearings Officer, and any other documents concerning the exclusion, shall be made available for pick-up at TriMet administrative offices or the office of the Hearings Officer. If at any time during the pendency of a hearing, an excluded individual, or his or her representative, designates an address for mailing, any correspondence or documents produced subsequent to the date of the request shall be mailed to the address designated by the individual. If an individual is represented by counsel in the exclusion proceedings, all written materials shall be provided to the individual's attorney, at the attorney's mailing address.

An excluded individual without a mailing address may personally appear at the TriMet administrative offices, or the offices of the Hearings Officer, to request a hearing, or any other process to which the individual is entitled.

Effect of Failure to Provide an Address. When a person receiving a Notice of Exclusion is not able, or refuses, to provide a mailing address at the time of issuance, the Notice of Exclusion shall set forth the procedure for picking up any letters, notices or orders produced by an Exclusion Administrator or Hearings Officer, in a manner that is consistent with these Rules.

16. Review of Long Term Exclusions

Any review of an exclusion issued by the General Manager as provided by TMC Section 28.18(O) shall be conducted in conformance with TMC Section 28.18 and the procedures and standards of these Administrative Rules except where otherwise stated. The Hearings Officer shall schedule any requested hearing consistent with TMC 28.18(O). The Hearings Officer shall also consider available evidence as described by TMC Section 28.18(O)(1)-(3) in determining whether it is more probable than not that the individual continues to pose a serious threat to the

safety of TriMet passengers and employees. The Hearings Officer shall notify the General Manager's office of any hearing related to a long term exclusion.

17. Appointment of Hearings Officer

In accordance with TMC Section 28.18, TriMet's General Counsel is authorized to designate Hearings Officer(s) to conduct TriMet Code exclusion hearings. Hearings shall be conducted in accordance with TMC Section 28.18 and these Rules.

18. Designation of Exclusion Administrator(s)

TriMet's Executive Director of Safety, Security and Environmental Services is delegated the authority to designate Exclusion Administrator(s) to conduct administrative review of exclusion notices as provided by TMC Section 28.18 and these Rules.

a. **Authority of Exclusion Administrator to Modify Exclusions**

As provided by TMC 28.18 N and these rules, the Exclusion Administrator is designated and authorized to review, consider, and decide any request for a modification to an exclusion for the reasons provided in Section 14 of these rules. The Exclusion Administrator may request documentation to support any modification request. The Exclusion Administrator may also request a declaration consistent with Oregon Rule of Civil Procedure 1E in support of any modification request.

Except as otherwise provided, these Rules supersede and replace in their entirety all exclusion Administrative Rules in effect prior to February 21, 2025. These Rules, as amended, apply to all violations of the TriMet Code whether arising before, on, or after the Effective Date.

Hearing Information

Who is entitled to a hearing?

You are entitled to a hearing to determine whether an exclusion is based upon adequate evidence and warranted in light of all of the circumstances. Hearings are conducted by a Hearings Officer, who has the authority to sustain, modify or set aside any Notice of Exclusion.

What does an excluded person need to do in order to schedule a hearing?

You must contact TriMet by 5 p.m. no later than the tenth (10th) business day following the date of issuance of the Notice of Exclusion to request a hearing. The request may be made by calling the Exclusion Administrator at 503-962-5436 or may be requested by delivering or mailing a written request to: Exclusion Administrator, 4012 SE 17th Avenue, Portland, OR 97202. A written request must be received by the Exclusion Administrator by 5 p.m. on or before the tenth (10th) business day following the date of issuance of the Notice of Exclusion. You need not present a reason or a basis for the appeal – all requests for appeal are granted automatically.

After the hearing is requested, the Hearing Office will contact you with a hearing date and time to appear.

What will the hearing entail?

The Hearings Officer will advise you of your rights at the hearing, and these will include:

- TriMet has the burden of proof, based upon a showing of substantial evidence, to show that it is more probable than not that the conduct justifying the exclusion occurred and that no factors are present to nevertheless warrant setting aside the exclusion.
- The hearing shall be electronically recorded.
- You have the right to representation by an attorney, at your sole expense, but you are not required to appear with an attorney.
- All hearings will be conducted informally so that each party can present its case to the Hearings Officer.
- You may request an order of the Hearings Officer to secure evidence, including subpoenas or depositions.
- You may question any witness offering testimony at the hearing.
- You have the right to seek review through a Writ of Review to the Circuit Court, Multnomah County, to contest the final order of a hearings officer.
- If you are an individual with a disability, a transit dependent individual, or you were excluded for expressive conduct or the exercise of religious opinion, you have the right to a modification of the final order, unless your violation involved violent, seriously disruptive, or criminal conduct. An individual requesting a qualified exclusion on the basis of dependence on public transit for local access and travel must be able to establish this dependence by a preponderance of the evidence.

What should I expect from the Hearing Officer's Final Order?

The Hearings Officer will generally issue a final order within five (5) business days of the hearing setting forth all findings and a decision to sustain, modify or set aside the Notice of Exclusion. The final order will take effect, and the exclusion will be governed by the terms of the final order, 3 business days after the date of mailing of the final order.

FAILURE TO PROVIDE AN ADDRESS

If you cannot provide a mailing address, you must call the Exclusion Administrator at 503-962-5436 to arrange pick-up of any letters or other documentation relating to your exclusion. The Exclusion Administrator will make letters or other documentation available for pick-up, when requested in advance, at the TriMet Administrative Offices, 4012 SE 17th Avenue, Portland, Oregon 97202.

A. On petition of any party, the Code Hearings Officer may order that the testimony of any material witness be taken by deposition in the manner prescribed by law for depositions in civil actions. Depositions may also be taken via audio or audio-visual recordings. The petition shall set forth the name and address of the witness whose testimony is desired, a showing of the materiality of the witness' testimony, and a request for an order that the testimony of such witness be taken before an officer named in the petition for that purpose. If the witness resides in this State and is unwilling to appear, the Code Hearings Officer may issue a subpoena as provided to require his appearance before such officer.

B. The Code Hearings Officer may, by rule, prescribe other methods of discovery which may be used in proceedings before the Hearings Officer.

Service may be accomplished by personal service of a true copy of the subpoena upon the witness or an agent of the witness authorized to receive the subpoena; substituted service by leaving a true copy of the subpoena at a person's dwelling house or usual place of abode with a person over 14 years of age; office service by leaving true copies of the subpoena with a person who is apparently in charge of an office; or service by United States Postal Service mail if the witness consents to this method.

C. If any person fails to comply with any subpoena so issued or any party or witness refuses to testify on any matters on which the person may be lawfully interrogated, the judge of the Circuit Court of any county, on the application of the Code Hearings Officer, or of a designated representative of the Code Hearings Officer or of the party requesting the issuance of the subpoena, shall compel obedience by proceedings for contempt as in the case of disobedience of the requirements of subpoena issued from such court or a refusal to testify therein.

A. On petition of any party and a showing of the general relevance of the documents or things sought, the Code Hearings Officer may enter an order directing any party to produce and make available to the petitioning party to inspect and copy any documents or to inspect and copy, test,

or sample any things which are in the possession of a party. The hearings office may make available a form with the information required to make this showing.
