Subject: RESOLUTION 15-05-19 AUTHORIZING A CONTRACT WITH G4S SECURE SOLUTIONS (USA) INC. FOR TICKET VENDING MACHINE REVENUE COLLECTION SERVICES

1. **Purpose of Item**

   The purpose of this item is to request that the TriMet Board of Directors (“Board”) adopt a Resolution authorizing the General Manager to execute a contract with G4S Secure Solutions (USA) Inc. (“G4S”) for Ticket Vending Machine Revenue Collection Services.

2. **Type of Agenda Item**

   - [x] Initial Contract
   - [ ] Contract Modification
   - [ ] Other ________________

3. **Reason for Board Action**

   Board approval is required for goods and services contracts obligating TriMet to pay in excess of $500,000.

4. **Type of Action:**

   - [x] Resolution
   - [ ] Ordinance 1st Reading
   - [ ] Ordinance 2nd Reading
   - [ ] Other ________________

5. **Background**

   TriMet currently has 152 Ticket Vending Machines (TVMs) collecting cash for purchases of transit fares. Another 34 cash collecting TVMs will be added with the opening of the Orange line in September 2015. Monday through Saturday TriMet’s revenue collection contractor is assigned a TVM servicing schedule for the day by TriMet’s money room personnel. The number of TVMs serviced each day ranges between 50 to 60 machines and servicing takes a two-person crew approximately eight hours to complete. G4S currently provides these services under the terms of a contract originally executed in October 2003, which expires next month.
6. **Procurement Process**

TriMet issued a Request for Proposals (RFP) for a new contract for these services on March 11, 2015. The RFP was issued through the Procurement & Contracts Department “eBid” system and notice of the RFP was sent to over 300 system registrants in the TVM servicing, armored car services, and security categories. Over 30 firms downloaded the RFP document. By the proposal due date of April 8, TriMet received only a single proposal from G4S.

7. **Diversity**

G4S provided documentation reflecting that 12.5% of its Portland based workforce is composed of minority employees. While there are not specifically identified subcontracting opportunities within this contract, G4S has committed to implementing a Disadvantaged, Minority, Women and Emerging Small Business (“DMWESB”) “Mentor Program” within the TriMet security services contract which was awarded to G4S in December of 2014.

8. **Financial/Budget Impact**

Based on estimated hours of deployment, the proposal price for the first year amount of the contract is approximately $134,000. This amount is deemed to be fair and reasonable, when compared to the expiring contract annual amount of $127,000. This newly proposed annual price is planned for within the FY15-16 approved budget. If all four option years are exercised, the total amount of the contract is estimated to be $684,193.

9. **Impact if Not Approved**

If this Resolution is not approved, TriMet would need to issue a new RFP for these services. Staff does not believe that re-issuance of the RFP would necessarily result in a broader pool of proposers. Given that these services are critical to processing of District revenue, issuance of a new RFP is not recommended.
